BRIEF SYNOPSIS

Group	KSR Group, Hyderabad
Group Concerns	KSR Infracon Pvt. Ltd K. Seshagiri Rao & Co Sterling Stonex Pvt Ltd Sterling Granites

Nature of Activities

Power House Construction, Excavation works and other civil jobs in thermal & hydro power projects.

Contracts for material & Project equipment handling.

Hiring of heavy equipment like cranes, excavators etc.,

Mining, Excavation, Processing and Export of Colour Granites/
Monuments & Memorials

Highlights

- ? Proven track record of over four decades in material handling contracts and hiring of heavy equipment
- ? More than eight years of experience in implementation of civil packages for Hydro Electric Power Projects.
- ? Successful execution of projects valued at INR 1,200 millions in most tested terrains.
- ? Professionally managed private limited company with a young but richly experienced and committed top management
- ? Highly experienced combined work force of over 1200.
- ? Most modern and young fleet of project equipment worth more than INR 1,500 Millions.
- ? Successfully completed civil packages for a total of 900 MW various hydropower projects

KSR GROUP HISTORY

KSR Group of Hyderabad consists of four operating firms/private limited companies with varied interests in support services to infrastructure projects in general and power projects in particular, material handling contracts, equipment hiring for project implementation, mining, excavation, processing of colour granites and monuments & memorials. The group has successful history of over four decades. The first of the firms of the Group, M/s K Seshagiri Rao & Co, was founded by Late Sri. K Seshagiri Rao in the year 1970 as a small contractor for material handling. The Group has grown leaps and bounds since then and diversified into excavation and export of granites and in 2004 has ventured into support services in Hydropower sector.

During the illustrated business years of the Group, the member firms have achieved excellence in their respective fields. Even in the very first of its contracts, KSR Infracon Pvt Ltd ("KSRIPL") emerged as best contractor for its principal Ital Thai Development Corporation Ltd,. In a short span KSRIPL has executed contracts in respect of 900 MW hydropower projects. The group has always kept its working standards high and improved consistently. The company could always deliver in time every time and emerged as preferred contractor for its principals.

KSRIPL has acquired most modern and young fleet of equipment like double boom drill jumbo boomer machines, robo-arm shotcrete machines, batching plants, big crushers, heavy hauling dumpers, heavy excavators etc used in the implementation of civil packages for Hydro Power Projects

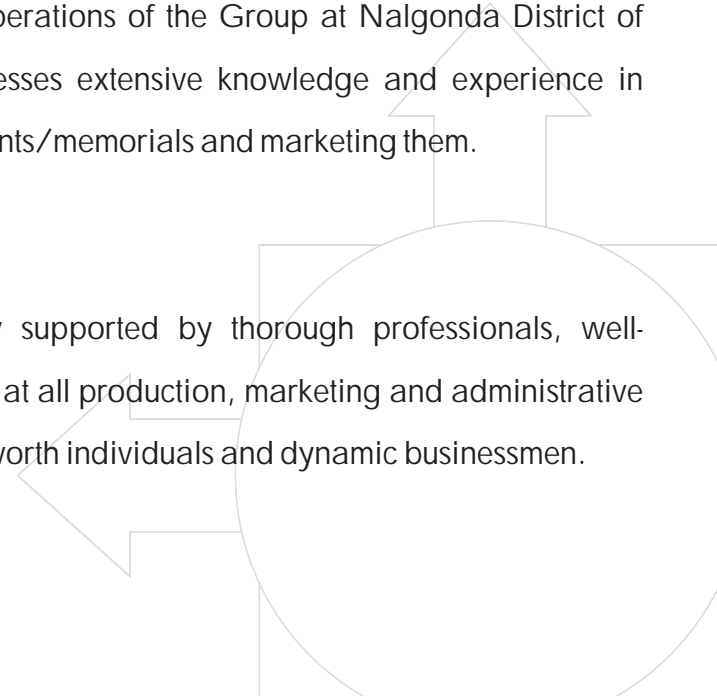

The Group has excellent credit rating from its lenders and equipment suppliers and is in a position to mobilize any equipment within a short notice. Presently the Group commands a fleet of equipment worth more than Rs. 1,500 millions.

With the rich experience of the promoters, well-qualified personnel at all levels – planning, execution, supervisory and quality control, the Group is all set to leap ahead confidently. While embarking on new forays and adapting itself to change, the Group remains faithful to its core values of quality, timelines, investing in technical competencies, quality human resources and sound business ethics.

MANAGEMENT PROFILE

- ? **Mr. K Venkateswara Rao**, a commerce graduate, is the Managing Director/Partner of KSR Group companies/firms. He possesses about three decades of invaluable project and management experience with immense business acumen. He has been successfully running the businesses of the Group for several years. His vision for continuous growth plans kept the Group dynamic and vibrant.
- ? **Mr. K Srinivas Rao**, an engineering graduate is the Executive Director/working partner of the Group companies/firms. He has vast hands on experience in project implementation and mining operations of the Group companies. Among the major projects that he has successfully handled are the hydropower projects at Koldam and Uhl in Himachal Pradesh and granite mining in Andhra Pradesh and Tamilnadu.
- ? **Mr. K Tirumala Rao**, an engineering graduate is Whole-time Director/ Partner in KSR Group companies/firms. He is the over all in charge of 100% EOU granite processing operations of the Group at Nalgonda District of Andhra Pradesh. He possesses extensive knowledge and experience in processing granite monuments/memorials and marketing them.

All the core promoters are ably supported by thorough professionals, well-experienced and skilled personnel at all production, marketing and administrative levels. The promoters are high net worth individuals and dynamic businessmen.

MAJOR PROJECTS UNDER EXECUTION

a. Material handling contracts (Thermal Power Projects & Others)

Client	Value in Rs. Mns
? BHEL, Tamnar Power Project	80
? BHEL, Bawana Power Project	40
? BHEL, Dadri Power Project	50
? Lanco Infratech Ltd, Anpara Power	25
? Udipi Power Corporation Ltd (Lanco Group)	50
? BGR Energy Ltd, Kalsindi Power Project	40
? BGR Energy Ltd, Mettur Power Project	20
? Reliance Group, Hissar Power Project	35
? Reliance Group, Rosa Power Project	35
? Reliance Group, Raghunathpur Power Project	50
? Jindal Steel Works Ltd,	600
? Jindal Steel & Power Ltd	450

b. Excavation & Civil Packages for Hydropower projects

Client	Value in Rs. Mns
? Beas Valley Power Project, Himachal Pradesh	350
? Sawra Kuddu Hydropower Project, Himachal Pradesh	1090

Current order book & Expected orders:

The current order book (as on May 2011) stands at INR 3,000 Millions. These orders are to be executed in the next 24 to 36 months. Besides the Group expects further orders (in advanced negotiation stage) to the tune of INR 1,000 Millions to be received in next 6 - 8 months.

LIST OF MAJOR CLIENTS

- ? BHEL (Bharat Heavy Electricals Ltd)
- ? Lanco Infratech Ltd
- ? Udipi Power Corporation Ltd (Lanco Group)
- ? BGR Energy Ltd
- ? Reliance Energy Ltd
- ? Jindal Steel Works Ltd,
- ? Jindal Steel & Power Ltd
- ? Beas Valley Hydro Power Ltd
- ? Himachal Pradesh Power Corporation Ltd

FINANCIAL PROFILE

The Group has shown an impressive growth pattern over past few years. It has also maintained a consistent profit percentage that manifests stability.

(Rs. In lakhs)

Year ended March 31	2011	2012	2013
Gross Receipts	9,391.00	13,212.00	14,522.00

% of EBITDA to Gross Receipt	17.96	15.26	13.24

M/S K.SESHAGIRI RAO & CO is the parent concern, having been established in 1970, the firm has grown leaps and bounds. The firm is engaged in Material handling, excavation and handling of slag, scrap, skull recovery in steel industries, hiring of heavy machinery & Excavation contracts and in the erection of machinery/equipment. It has been doing jobs for public sector giants like BHEL, NTPC, ONGC, Tamilnadu Minerals, Singareni Collieries etc and also for private sector majors like L&T, Reliance, Jindal Steel Works at Bellary and many granite quarrying companies. The Company is executing critical nature of job of removal of hot slag and recovery of scrap at steel plants. Ever since its inception the firm is making profits. The fleet of machinery is continuously upgraded and enlarged and presently stands at a commendable 125 machines. The firm possesses varied machines, heavy cranes, excavators, Dumpers, earth moving equipment and compressors etc of different sizes and capacities. The firm enjoys high reputation with its bankers and financiers. It has got impeccable track record in meeting its financial obligation on time every time. The machinery list enclosed is completely owned by the company.

M/S KSR INFRACON PVT.LTD Company is taking up jobs for Excavation of Overburden with fleet of Heavy Earthmoving Machinery.

The Company is well experienced in removal of over burden and excavation as the group is into granite quarrying business for last 20 years with complete earthmoving machinery of our own. The total group turnover of all these companies is about 100 crores.

We have executed power house package for Gammon India Ltd at their site at Koldam NTPC, Himachal Pradesh, the work of power house package involves excavation of unconsolidated, consolidated, rock, short creting & Bolting,. The work was executed in a most systematic and professional way. We have been rated as the best contractor by principal NTPC. The quantities involved are of almost 16 lacs cubic meter of excavation, The complete quantum of work to be completed within a period of seven months.

We have executed excavation of rock at approach channel in koldam site, Himachal Pradesh. The work was taken from Ital Thai Company, who are executing the Dam package at koldam site,. The quantity involved is around 10 lacs cubic meter and the work is going to be completed within next three months.

The Group has got excellent rapport with finance companies like ICICI, CITI Corp, ABN AMRO, and HDFC, All these finance companies will be interested in funding for the purchase of heavy machinery at very short notice due to our excellent repayment credentials. We are also having high respect with our bankers State Bank of India, Allahabad Bank, Secunderabad branch with whom we are having our account from last 30 years.

“KSR Infracon Private Limited(KSRIPL)” was established as a Private Limited Company in the year – 2004 Under the Companies Act’ 1956 with the objective of executing the works of Hydel Power Projects and other Civil contracts; having its Registered Office at 2-98/3, Block-B, Kakatiya Nagar, Habisguda, Hyderabad-500 007, Andhra Pradesh (India). In a short period of only 4 to 5 years since its inception KSRIPL have made remarkable achievements in the area of Hydro Power Projects. We have got the privilege of working with premier Organizations like NTPC Limited, Himachal State Electricity Board, Italian-thai Development Public Company Limited, Gammon India Limited, Patel Engineering Ltd etc. With these organizations we have executed/ executing the Projects of National importance. Details of works completed and works under execution are as follows:

Major Works completed: (Relevant to proposed work only)

a) Approach Channel work for NTPC Koldam HEP (4 x 200 MW) Himachal Pradesh:

We have already executed the works of Approach Channel excavation under M/s Italian Thai Development Public Company Limited. We have done around 9.0 lacs Cum. excavation in 08 months. Contract value of work was Rs. 1117.00 lacs.

- We have executed of around 2.00 lacs Cum of rock with a lead of 4 Km one way.
- We have completed the above quantities by using pre-splitting holes and benching with slope stabilizing.

b) Power House & other associate works for NTPC Koldam HEP (4 x 200 MW) Himachal Pradesh:

Completed Power House excavation including Drilling, Blasting, Rock bolting, Wiremesh, Shotcreting, Anchor Bolts, R.R Masonry, Rip-rap, Dewatering and associated works under M/s Gammon India Limited at 4 x 200 MW, NTPC Koldam Hydro Electric Project, Dist: Bilaspur, Himachal Pradesh. In a short period of only 11 months we have completed the excavation of around 17.00 lacs cum. We have also received certificate from M/s National Thermal Power Corporation Limited for our excellent performance. Contract value of the work was Rs. 2043.6 lacs.

c) Spillway works from M/s Italian Thai Development Public Company Ltd. At NTPC Koldam Hydroelectric Power Project, Himachal Pradesh:

M/s Italian-Thai Development Public Company Limited has awarded us the works for Excavation & Hauling at Spillway for their NTPC Koldam Hydroelectric Power Project (4 x 200 MW) in the District Bilaspur, Himachal Pradesh. The same is successfully completed. In 12 months 9.00 lacs cum quantity has been excavated by us. Contract value of the work was Rs. 1876.00 lacs.

Works in hand:

We are having following contracts in hand:

a) Penstocks Civil and associated works at UHL Stage-III Hydro Electric Project (100 MW), Himachal Pradesh:

Works of Penstock Tunnel, Anchor Blocks, Open Excavation, Under Ground Excavation, Concreting and other associated works at 100 MW, Uhl Hydro Electric Project under M/s Beas Valley Power Corporation Limited (A unit of HPSEB), Dist: Mandi, Himachal Pradesh through M/s PES Engineers Pvt. Ltd in under execution. Till date 90% work has been completed. Value of contract is Rs. 1565.00 lacs.

Scope of Work:

- Tunnel dia of 4.5 mtrs around 1900 mtrs completed with rib support and back fill.
- After completion of penstock pipes backfill concrete of around 9000 Cum. completed.
- Rock Excavation Quantity of 27000 in the power house completed in three months.
- Power house structure and units work is under progress with BHEL

b) Power House work at UHL Stage-III Hydro Electric Project (100 MW), Himachal Pradesh:

M/s Beas Valley Power Corporation Ltd. (A Unit of HPSEB), Dist: Mandi, Himachal Pradesh has awarded us the works for the construction of Civil works of Surface Power House and Tail Race Channel of Uhl Hydroelectric Project Stage-III (100 MW) complete in all respects at Chullah in District Mandi (HP). Works commenced in the month of July-07. Open excavation of Power House area completed. Contract value of work is Rs. 986.90 lacs.

c) Construction of Main Access Tunnel (MAT) Dia 7.5 mtrs. and length 172 mtrs. Of M/s Pabbar Valley Power Corporation Limited (A Unit of HPSEB):

M/s Pabbar Valley Power Corporation Limited (A Unit of HPSEB) has awarded us the works of construction of Main Access Tunnel (MAT) Dia 7.5 mtrs. and length 172 mtrs. for Swara Kuddu Hydro Power Project in Dist: Shimla (H.P). Works will be started in the 1st Week of December-07. Contract value of work is Rs. 419.38 lacs.

d) Construction of Power house package of Swarakuddu Hydro Electric Power Project (111MW) Under M/s HPPCL through Patel Engineering Ltd:

M/s Patel Engineering Limited has awarded us the job of Power House package and other associated works at their Swarakuddu Hydro Electric Project. Works was started in the month of Apr, 2009. Contract Value of work is Rs. 12500.00 lacs.

- We have completed Power house cavern of 90x14x39 mts in the span of 10 months with rock bolt supporting all along the cavern with SFRS shortcreting. And Transformer cavern of 73x14x22 mtrs.
- Vertical pressure shaft of 6 mtrs dia with rib supporting and backfilling all along the 165 mtrs completed in 12 months.
- Surge shaft of dia 14x77 mtrs with completed rib support and backfilling completed in 14 months.

Completed Excavation of:

- Tunnel to Bottom of power house/Bottom of Pressure Shaft of 8x7.5 mtrs modified 'D' shape of length 324 mtrs.
- Tail race tunnel of 5 mtrs dia of length 384 mtrs completed
- Adit to Valve Chamber of length 170 mtrs.
- Main Access Tunnel of 7.5 Mtrs Dia 247 Mtrs length with complete rib support and back filling.
- Unit pressure shaft of 3.5 mtr D shaped 78 mtrs length.
- Unit TRT of Dia and 3.5 to 4 mtrs length 58 mtrs. Completed.
- Completed structures in control bay from elevation 1216 to 1230.
- Completed concrete works of cum 14139.
- Completed Total Quantity of Excavation cum 3.00 lacs

Double Boom Tamrock working in Power House Cavern fixing Rock Bolts.

Power House Cavern Service Bay Gantry Crane structures.

Vertical Surge Shaft of 14 Mtrs. Dia and Height of 77 Mtrs. With complete RIB support.

Vertical Pressure Shaft of 5.2 Mtr Dia and Height of 165 Mtrs. With complete RIB Support.

[M/S STERLING STONEX PVT. LTD \(100% E.O.U.\)](#) incorporated in 1995 is Granite Company in the Group. It is holding lease rights over 75 acres of mine area in various locations for its quarrying operations. The company is extracting raw granite blocks, which are exported and partly consumed for captive use for exporting monuments/memorials. The company has implemented expansion project through forward integration of its operations by setting up granite processing factory for monuments and memorials at Kondamadugu village, Bibinagar Mandal, Nalgonda District, Andhra Pradesh. The Complete machinery of the factory is imported from Germany. The man power employed in the company are trained by Europeans as the end product memorials are exported directly. The company is a 100% export oriented unit processing finished monuments/memorials and exported to various countries like Germany, Holland, France, Italy and other European countries

**SPECIALLY DESIGNED AND MANUFACTURED
MONUMENTS READY FOR EXPORT
TO EUROPEAN COUNTRIES AT OUR 100% E.O.U

28	Tata P & H 955 A	Telcon	60 Tons	Nos.	3
29	Tata P & H 1055 BLC	Telcon	100 Tons	Nos.	2
30	Tata P & H 655 BLC	Telcon	36 Tons	Nos.	1
31	Tata P & H 320	Telcon	18 Tons	Nos.	1
32	HM 101 Crane	Hindustan Motors	75 Tons	Nos.	4
33	HM 93 Crane	Hindustan Motors	60 Tons	Nos.	1
34	North West Crane - Tyre Mounted	North West	40 Tons	Nos.	1
35	Lima Crane	Lima	40 Tons	Nos.	1
36	Buycurus ERE 30	Buycurus	35 Tons	Nos.	1
37	Sukku	Sukku	25 Tons	Nos.	1
38	Batching Plant	Schwing Stetter	CP - 30	Nos.	2
39	Transit Mixture	Schwing Stetter	4 Cum & 6 Cum	Nos.	4
40	Concrete Pump	BP - 350		Nos.	2
41	Concrete Pump	Putzmisser		Nos.	1
42	Concrete Mixer Machine	Gayatri		Nos.	3

List of Equipment

Sl.NO	Name of the Equipment/Model	Make	Capacity	Units	Qty
43	Core Cutting Machine	DD - 120		Nos.	1
44	Tower Hoist	RAE 200		Nos.	1
45	Compressor	CP 325		Nos.	4
46	Compressor	CP 600		Nos.	3
47	Compressor	CP 450		Nos.	6
48	Compressor	Elec. GA 90		Nos.	3
49	Compressor	XA - 280		Nos.	1
50	Fork Lifts			Nos.	1
51	Mobile Crane	Escorts	08 - 14 Tons	Nos.	34
52	Ambulance	Maruthi - Omni		Nos.	1
53	Tractor			Nos.	3
54	Welding Generator/Machines			Nos.	17
55	Generator	Kirloskar		Nos.	3
56	D.G Set	125 KVA Sudir		Nos.	2
57	D.G Set	250 KVA Sudir		Nos.	1
58	Wire Saw			Nos.	3
59	Wire Cutting Machine			Nos.	2
60	Block Cutter 2.7 Mts			Nos.	2
61	Block Cutter 2.2 Mts			Nos.	2
62	Manual Profile Machine			Nos.	1
63	Milling Machine (Hensel)			Nos.	1
64	Notching Machine (Hensel)			Nos.	1
65	Edge Cutting Machine (Imported)			Nos.	5
66	Auto Polishing Machine (Hensel)			Nos.	1
67	Hand Polishing Machine			Nos.	16
68	Total Station	Sokkia		Nos.	2
69	Rig Machine			Nos.	2
70	Electric Weigh Bridge	Vishwa Karma		Nos.	1
71	EOT Crane	08 MT		Nos.	1
72	Ventilation Systems			Nos.	3
73	Grouting Pump	G-12		Nos.	2
74	Pullout Test Machine			Nos.	1
75	ROC	Ingersol Rand		Nos.	4
76	Short Crete Pump	CIFA		Nos.	1
77	Short Crete Pump	Kareem		Nos.	1
78	Short Crete Machine	Schwing Stetter		Nos.	1
79	Dewatering Pumps	5-55 HP		Nos.	11
80	Transformers	400 KVA		Nos.	2
81	Hydraulic Drill Jumbo	Sandvik		Nos.	1
82	Crusher Plant			Nos.	1
